CATALOG & PRODUCTS

- ☐ How many SKUs at launch? Growth target?
- ☐ * Variants — sizes/colors? Per-variant stock & photos?
- ☐ Who writes descriptions & takes photos? Ready yet?
- ☐ Any made-to-order / pre-order / one-of-a-kind items?

INVENTORY & OPERATIONS

- ☐ * Sells in a physical store too? Sync online + in-store stock?
- ☐ Current POS system? (which one)
- ☐ Out-of-stock behavior: hide / show sold-out / backorder?

PAYMENTS, SHIPPING & TAX

- ☐ Payment methods: cards, Apple/Google Pay, PayPal, BNPL?
- ☐ * Shipping: flat / free over \$X / live rates? National or local?
- ☐ Local pickup or local delivery?
- ☐ Returns & exchanges — policy and who handles it?
- ☐ Sales tax — needs automated handling (TaxJar / Shopify Tax)?

CUSTOMERS & MARKETING

- ☐ Customer accounts or guest checkout?
- ☐ Email marketing / abandoned cart? Current tool?
- ☐ Discounts, coupons, gift cards at launch?

PLATFORM & BUILD

- ☐ * Open to Shopify / Squarespace / Woo, or custom build?
- ☐ Current site platform — extend or replace?
- ☐ Self-serve admin to add products, or rely on you?

MONEY & TIMELINE

- ☐ * Budget — build cost AND ongoing monthly (fees, %, apps)?
- ☐ Timeline / hard dates? Tied to a season or event?
- ☐ Ongoing maintenance — retainer or hand off?
- ☐ What does 'success' look like in 6 months?

LISTEN FOR (don't have to ask):

- "I also sell at markets / in a shop" → architecture changes; lean toward Shopify + POS.
- Manual workarounds ("I just DM people the total") → those are the features he actually values.
